*Property is offered to federal agencies, state agencies, University departments, and public education institutions first, then to the general public. Federal, State, and Public Education agencies may purchase surplus property as soon as it is displayed in the Surplus warehouse. The public, University employees and students are welcome to purchase property after the government surplus cycle (Utah Code 63A-9-802) expires. Presently this cycle is fifteen days. The "Public Date" column in this document is the estimated date on which the public may purchase the property listed above. The actual public sale date is on the price stickers of property for sale at the University Surplus and Salvage Department. There are times when the actual public sale date on a price sticker and the public date in this document vary because of the time it takes to process a piece of property. The "Public Date" column is a computer generated date and it is not linked to the actual public sale date on the price stickers. The government surplus cycle is estimated to have expired if there is no date in the "Public Date" column. Some items listed above may be sold through an online auction site or through a bid process and are not available for purchase on the "Public Date" above. Items marked bid and property listed for sale online are available through the terms and conditions posted for those items. Property may be removed from sale without notice. Prices of property for sale may change without notice. Property may be placed for bid or auction without notice. The "Public Date" may change on property for sale without notice.

Prices and availability of surplus property subject to verification and change without notice.
