

When you complete your selection of items in the Amazon punch out catalog, it is a good idea to check on potential shipping fees.

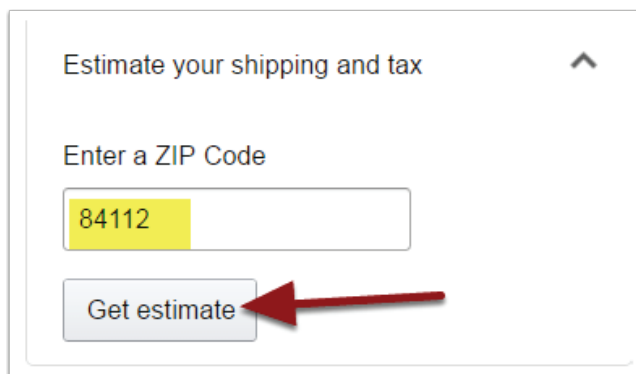

1. Before you click on "Submit these items for approval", click on either (1) the shopping cart icon in the upper right corner of the page, or (2) the word "Cart". This will allow you to make a final review of your cart in Amazon. This is the only time you have the opportunity to see estimated shipping charges..

2. To the right of the items in your cart, you will find a link to Estimate your shipping and tax.

3. Enter your zip code and click Get estimate.

4. Your estimated shipping fee is calculated. At this point you may examine your order to determine which items are incurring shipping fees.
