2016 Call For
Outstanding Dissertations and Theses

The Graduate School is pleased to announce its 2016 call for outstanding dissertations and theses written by University of Utah students. Dissertations and theses nominated by the Graduate School to represent the University of Utah in these national competitions will be awarded a cash prize by the University.

We invite students and faculty to encourage writers of exceptional theses/dissertations to submit an application for these prestigious awards. The dissertations selected for entry in the national competition will receive a University of Utah Graduate School award as well.
