Profile
Your UTravel Profile stores your personal information used for booking travel and creating expense reports.

Before you begin using UTravel it is important to update your personal information to ensure accuracy when booking travel and activating Concur features.

Key Features:

1. **Name**: Make sure your name matches your government issued ID or passport. The name will transfer to travel bookings made in the UTravel Concur or the travel agency. Your first and last name is populated from your HR record. If your name is incorrect, contact your HR representative to update.

2. **Address**: Recommended for easier mileage calculations in Expense.

3. **Phone Contact**: A work and home phone number are required. Registering a mobile device is not required but recommended to take advantage of Concurs mobile technology and electronic receipts along with Duty of Care.

4. **Email Address**: You will need to verify your email address to upload receipts and itineraries to the system. Your Email 1 email address must be your UNID@utah.edu email address. To verify – select Verify and enter the code that was sent to your email. Once verified you can email receipts to receipts@concur.com and they will be available for you to add to your expense reports.

5. **Assistants and Travel Arrangers**: This is where someone can designate an Arranger to book travel or become the designated Booking Assistant. A Traveler can have multiple Arrangers.

6. **Credit Card**: A personal credit card is required if you chose to book a hotel through UTravel. The account will not be charged and is only used to reserve/guarantee the room.

7. **E-Receipt Activation**: This feature allows the auto collection for electronic receipts into the Concur system from Concur participating suppliers. To activate go to Profile, Other Settings and select E-Receipt Activation.

8. **Expense Delegate**: These are individuals who have been assigned to do certain tasks on your behalf. Users are allowed to assign temporary delegates here. Please contact the Travel office to assign or change permanent delegates.
**Apps**
Proper use of apps will optimize features of the UTravel system.

**Concur Mobile App**
The Concur Mobile app allows you to manage your expenses in easy, paperless fashion. You can capture images of your receipts and they will automatically appear in your Expense Report.

1. To register for Concur Mobile, log in to UTravel and select your **Profile** menu in the upper right corner of your screen and click **Profile Settings**. Then, select **Mobile Registration** along the top.

2. Create a PIN in order to log in to Concur Mobile - click the **Create a Concur Mobile PIN** link and follow directions to set your PIN.

3. Download the **Concur Mobile app** onto your mobile device.
   - You can do this through your device's app store.
   - Or, you can send an app link to your device - Use the Download the App to enter your mobile phone number or email address and click Get Started.

4. To use the Concur Mobile app, open the app on your phone and log in with your Concur Username (this is your UNID@utah.edu address) and the PIN you just created.
5. Your responsibility as a traveler is to take photos of your receipts using the ExpenseIt icon within the app.

6. After you have taken the picture of the receipt, the Concur app begins to analyze.

   Once the analysis has completed, the type of expense, vendor name, amount, and date will display.
TripIt Pro
TripIt Pro is an application that comes free with your Concur account (Usually $59.99/yr). It is used to keep track of your upcoming trips and help travelers stay one step ahead with real-time flight alerts, gate change notifications, reward program tracking, monitoring for availability of preferred seats, and VIP benefits.

You can register for TripIt through the App Center tab at the top of the page, or by downloading the app to your smartphone through the app store.

You will need to download the app to your smartphone in order to use TripIt.

If you already have TripIt, you will need to link it to your unid@utah.edu account.

Levels of Approval
The levels of approval will be determined by your ADSC (Account Distribution Shortcut “Activity or Project number”).

- Level 0 is the Org Head of the activity or project selected.
- Level 1 is one level higher than the Org Head.
  - Level 1 is equivalent to a Dean, Director, or Chair.
- Level 2 is two levels higher than the Org Head.
  - Level 2 is equivalent to a Vice President.
- Account Executives are responsible for expenses on Activities and Projects.
- Org Heads are responsible for ALL Activities and Projects that report to their org.

NOTE: Your assistant/arranger will likely compile your expense report on your behalf.

If you would like to learn how to initiate this on your own, you may request training.
Request

In the past, registering a trip and obtaining a Travel Number was the first travel step, which included an audit fee. Now, you will obtain a Request ID with no audit fee applied until submission of the Expense Report (reimbursement).

Please pay close attention to this section. Here is a simple breakdown of how to decide which option to choose:

1. **Request/Trip Name** - Create a Trip Name for the traveler that is recognizable, up to 32 characters.
2. **Register Trips in Advance** - For domestic trips, Requests need to be made **at least 1 day in advance**. For international trips, they need to be made **at least 21 days in advance**. Level 1 approval is required if advance request was not approved properly.
3. **Destination Country** - Risk levels range from 1-5. Risk level 1 = low risk. Registering trips to areas of the world that are a risk level 4 or higher will be sent directly to the office of Global Engagement via UTravel for approval. University travelers may not be allowed to travel to anywhere with a risk level 4 or above.
4. **Traveler Type** - Employee only, non-employee coming soon.
5. **How will you book your travel** - How air, car, and/or hotel is booked. See next section for more details.
6. **ADSC - Account Distribution Shortcut** (Activity, Project, or ORG).
7. **Cash Advance** - Cash advances only require a supervisor approval, and the request routes to them for approval.

**How will you book your travel?**

Please pay close attention to this section. Here is a simple breakdown of how to decide which option to choose:

1. You will use UTravel to book your trip after you receive your Request ID. **This will be the most common choice.**
2. You will use the onsite agency to book, either through phone or the online forms on the onsite agency website.
3. You will use another booking method other than UTravel or the OnSite Agents. Penalties apply with this option ($10/Domestic, $20/International).
4. You will be driving over 100 miles one-way or overnight. Trips less than 100 miles should be done in ePR.
5. You have started on the Travel tab in UTravel or onsite agency and need to obtain your Request ID.
6. Paid by an outside entity, and there will not be an expense report filed with the University of Utah to assist with Duty of Care.
Segments
Once you have completed all of the required fields underneath the Request Header tab, proceed by clicking on the Segments tab, and then select an icon appropriate to your trip (airplane, car, bed, etc).

You will need to complete the required fields with *estimates only*.

System requires only **one** segment and estimate.

Once everything is complete, click Submit Request near the upper right corner of the page.

This will generate your 4-digit alphanumeric Request ID.

Personal Travel Booking
Not allowed in UTravel. Contact travel@admin.utah.edu for assistance.

Group Travel Booking
Group Travel is defined as 10+ travelers on the same itinerary and is done on the group leader’s profile.

On Request, select booking option 2, “Group” trip type, and “Group” traveler type. Booking process will follow middle column on page 8 of this guide.

Car & Hotel changes can be made in the Booking tool. CBT Travel Advisors are available to help if necessary.

All change fees and fare differences for changes are billed to the original form of payment.

Other discount rates are viewable in the tool, such as: AAA, Government, hotel membership rewards, and Christopherson Business Travel discounts.

Car
The University of Utah contracts with Enterprise, National, and Hertz, and bookings must be made through UTravel or the Onsite Agency. These are the preferred vendors for booking cars, if you wish to book outside of these vendors, there will be a $3/day insurance surcharge automatically billed to the department.
Expense

In the past, at the closure of a trip you would create a final reimbursement. Now, you will create an expense request. This is done using the Expense link under the Request tab (in the Action column) for the appropriate trip.

UTravel will automatically add your flight to your expense report once it is booked, as well as any other E-receipts. You will also be able to upload any receipts via your computer or mobile device with the Concur app. The Concur app and the Expense tool will automatically convert foreign receipts to USD.

Expense reporting begins with the meal per diem question:

University policy is changing to only reimburse meal per diem. In the past, travelers were allowed to include actual meal receipts, but that has changed. Travelers can still submit Business Meals for reimbursement.

Per diem is based upon dates, times, and locations from the itinerary. Traveler can select Import Itinerary which can bring the trip dates, times and destinations from the flights, car and hotel reservations. If those are not there, they must fill the box below with that information.
Continue with the verification process by reviewing the information presented by clicking "Next" on each window. Then select the meals that need to be deducted from the total per diem calculation.

Once that is complete, select **Create Expenses** and this will populate the Expense Report.
