# Orders/Payments with Foreign Suppliers

When the supplier on an order, in the form of a PO, resides outside of the US there are a couple of actions that you may need to take to facilitate a smooth process from order to payment.

❖ Ask yourself/your department the following questions:

1. Will there be **customs or import fees**?
  - a. If yes then contact Anthony Ferrara, in Purchasing, to facilitate these fees.
2. Will there be additional **shipping fees** for overseas transport?
  - a. Does overseas transport need to be arranged by you?
3. **Payment** must be facilitated by wire transfer **by the department**.
  - a. [Wire Transfer Payment Request](#)
  - b. Email the filled-out form to <mailto:wiretransfers@utah.edu>
  - c. After the payment is made close the PO in UShop.
    - a. Make sure to add a note/comment that the invoice was paid by wire.
