

I have a Prime membership on my personal Amazon shopping account. Can I share this membership with my Amazon Business account for my organization?

No, the centralized University of Utah Amazon Business Account is already configured for free 2-Day shipping. If you currently have an Annual Prime Membership, you will need to request a pro-rated refund on your account since University of Utah has added Business Prime Shipping. If you have a monthly Prime Account, you will need to cancel as it will auto-renew.

To cancel your Prime Membership, go to 'Accounts & Lists' > 'Manage Prime Membership' and select 'End Membership'. A prorated amount of your Annual Prime Membership fee will be refunded automatically to you.
