Frequently Asked Questions

Q: Do I need to know ahead of time exactly what I’m buying and how much each item costs?
A: No. Simply provide a general description of the item(s) you plan to buy, along with an estimated dollar limit. You are essentially providing a limit or a "not to exceed" amount. The account executive or GFA Approver approves the purchase up to the amount listed on the requisition. Simply approve enough to purchase all that is required. Wait for the invoice to be paid and then close the PO in the Management Report. This will relieve any excess encumbrance.

Q: Will the supplier provide me with an invoice at the time of sale, or will they send an invoice later to AP?
A: The supplier will send the invoice directly to Accounts Payable. Keep the receipt for your own records and to validate the invoice.

Q: Can I go to any location for the listed suppliers?
A: No. Only the locations listed on the form have confirmed that they accept Print & Carry POs (See #3).

Note: If you need to go to a different location, please contact the supplier in advance to confirm that they will accept your Print & Carry PO.
